

## APPLIANCES

Each townhouse is equipped with a gas stove and a two-door frost-free refrigerator/freezer.

- Appliances must be kept clean.
- Door seals should also be kept clean to prevent damage that could result in a charge to the Member.
- Never use your stove as a source of heat.
- If your freezer is not defrosting, contact the Office. Do not attempt to defrost it yourself. Damage caused to refrigerators by improper cleaning or defrosting techniques will be charged to the Member.
- If you smell gas in your townhouse, open your windows. leave your townhouse:
  - During office hours call the Office at 882-2784. An employee will immediately respond.
  - After normal business hours call Emergency Maintenance at 202-7820, then call Consumers Power at 800-477-5050.
- Refer to the Filter Policy for details about the stove hood filter.

Members may replace stove or refrigerator/freezer provided by the cooperative with their own if desired. However, any appliances replaced must be stored in the townhouse and put back in place upon the sale of the membership. An approved Installation/Alteration Permit is required.

If an appliance needs to be replaced, the replaced appliance will be white.
