

KEYS

When a Member moves into the Cooperative, he/she is given two keys for the dead bolt locks to the front and back door. The same key fits both deadbolt locks. No keys are given for the storm (screen) door.

All keys to the townhouse must be turned in at the time of the move out inspection. If you are not attending the move out inspection, you must make arrangements with the Office prior to the move out date.

See the Locks Policy, if you are considering replacing the locks yourself.
