

LAWN FURNITURE

Lawn furniture (chairs/loungers, table w/chairs, picnic tables, plastic molded chairs, etc.) must be stored in the back of the townhouse on a patio, deck, or maintenance strip.

These items must be removed from the lawn area when not in use. Normally backyards are mowed on Wednesday and front yards are mowed on Thursdays. However, these scheduled days may be subject to change without notice to the Members.

Any items that cannot be placed safely on the back porch will require a patio, deck or maintenance strip to be installed. See the appropriate policy for details.

Members with a townhouse that have a side entrance inside a privacy fence must store lawn furniture inside the privacy fence.

Members with a one-bedroom townhouse with side entrance may store lawn furniture on the side or back of the townhouse on a patio, deck or maintenance strip. Refer to the appropriate policy for details.
