

## **VISITORS**

Any Member planning to have a visitor stay more than two weeks must submit to the Board of Directors a written request in advance of the stay. The request must state estimated length of stay and reasons for the stay. The Board of Directors will make a decision on the request.

Any visitor staying more than two weeks without prior written permission will be considered an occupant of the townhouse and must be added to the Occupancy Agreement. Failure to do so is a violation of the Occupancy Agreement and could result in termination of the membership.

See Parking Policy for additional information about visitors.
