

## **WAITING LIST**

The Office maintains a waiting list of prospective Members. Once the application has been approved the prospective Member's name is placed on the waiting list.

Whenever a membership goes on the market, based on the size of townhouse the prospective Member has applied for, the name and address of the Member who has their membership for sale is sent to them via email or US mail. It is then up to the prospective Member to contact the Member directly. All negotiations of the sale of the membership are between the Member and the prospective Member.
